CAREER SUMMARY

Software Engineer specializing in frontend development, building intuitive, responsive digital products that translate business ideas into practical solutions. Experienced in developing web application features, integrating APIs, and turning product designs into reliable user experiences.

WORK EXPERIENCE

Software Engineer — **Lagos State, Nigeria**
Hubexia — May 2026 - Present

- Develop and maintain web application features, collaborating with team members to troubleshoot issues and improve application reliability.
- Translate Figma designs into responsive, pixel-accurate interfaces that deliver consistent user experiences across screen sizes.

Software Engineering (Intern) — **Lagos State, Nigeria**
CoralPay Technology — May 2025 - October 2025

- Developed responsive frontend components for Zeus, an AI-powered support agent that interprets and categorizes real customer complaints, enabling support teams to interact with AI-generated insights through an intuitive interface.
- Developed a comprehensive internal product to manage and monitor Value Added Services (VAS) across multiple corporate partner accounts.

Frontend Engineering — **Lagos State, Nigeria**
24Cart

- Collaborated with a team to develop a grocery e-commerce application, implementing frontend features that supported product discovery and purchasing workflows.

Junior Frontend Developer (Intern) — **Lagos State, Nigeria**
Prodort Technology — May 2023 - August 2023

- Developed a user-friendly website for septic and drainage services, implementing an interface that enabled customers to schedule service appointments.

PROJECTS

TravelBuddy | Full-Stack Web Application

- Built an administrative dashboard that centralized booking, event, and payment management, giving administrators a unified view of platform operations.
- Developed features supporting event discovery, ticket booking, and payment workflows.

Conlinks Energies | Corporate Website | [Live Website]

- Translated Figma designs into a responsive corporate website, delivering a consistent browsing experience across screen sizes.

EDUCATION

Elizade University — **Ondo State, Nigeria**
B.Sc Computer Science (First Class Honors) — Nov 2022 - July 2026
